Oxamyl (Vydate) Field Applications:	(Y/N)
Oxamyl (Vydate) Used:	
If Used- was the soil pH above 6.0; Have You Complied With Current Harvest Interval Requirements?	
If Used- Is the Soil pH 6.0 or Has a Soil Acidifier been used? (If Yes, You Will Need a Compliant Residue Certificate For This Field)	
If Used- Was The Chemical Applied in Furrow? (If Yes, You Will Need a Compliant Residue Certificate For This Field)	
A Single Residue Certificate For Each Field Is Sufficient, We May Ask For a Copy.
